

2026 FUNDRAISING CAMPAIGN

START OF THE 2026 CAMPAIGN

The RBA Foundation was established to become involved socially with our communities and to support causes devoted to the well-being of First Nations.

We have been involved for more than 10 years with all the communities in Quebec. With our experience, we can adapt to each of their realities and support unique projects that are making a real difference in our communities.

Why donate to the RBA Foundation?

Our Foundation is seeking partners who believe in our mission and who want to get involved with Indigenous People.

If you are organizations, associates, businesspeople, entrepreneurs that want to make a difference, your involvement would help us improve the well-being of First Nations across Quebec.

As is the case every year, the collected funds are divided based on needs, a project's outreach potential, the number of people affected and are balanced between First Nations.

MESSAGE FROM THE BOARD OF DIRECTORS

Since its inception, the RBA Foundation has been proud to contribute to improving the living conditions of Indigenous Peoples across Quebec.

Today, strengthened by its capitalization, our Foundation has the means to provide financial support in a variety of areas, including culture, health, programs for elders, women, and Indigenous youth, as well as holistic support for members of our communities. To date, we have redistributed over \$1.1 million, and we continue to work diligently to increase, year after year, the amount granted to initiatives that make a real difference in our communities.

By supporting our Foundation, you help address the essential needs of Indigenous communities in Quebec and support initiatives that strengthen their collective well-being.

Your support is invaluable to us. On behalf of the RBA Foundation and our partner organizations, we would like to express our sincere gratitude for your generosity.
